## SARS-CoV-2 (COVID-19) Test Result

Date 08-05-2021

Time 09:39:02

Scan the code by your camera to match the result and  
Press the link

| Transaction | ID/Passport # | Patient Name    | Age        | Gender | Test Date  | Result   |
|-------------|---------------|-----------------|------------|--------|------------|----------|
| 1091055     | 199058261185  | حيدر حامد حمودي | 31 Year(s) | Male   | 08-05-2021 | Negative |

- A negative result doesn't exclude the possibility of COVID-19, especially in early disease
- Positive result is indicative of active infection with SARS-CoV-19
- A negative result doesn't preclude SARS-CoV-19 infection and should not be used as a sole basis for the treatment or other patient management decision, so negative result
- must be combined with patient history, and clinical suspicion
- Optimum specimen type and timing for peak viral load during infection has not been determined
- False negative result may occur if the specimen improperly collected, inadequate number of organism or amplification inhibitors are present in the specimen
- The above result for SARS-CoV-2 was done by Real Time PCR Technology
- The lab is not responsible for flights cancellation

- المختبر غير مسؤول عن تأجيل رحلات الطيران
